

CSR Action Guidelines

MHI strives to move the world toward a more secure future. Through our technology, our business practices and our people, we:

Care for the planet

- We are eco-conscious, and engineer environmentally-friendly technologies that improve sustainability and protect the Earth

Create a more harmonious society

- We embrace integrity and proactive participation to solve societal challenges

Inspire the future

- We cultivate global talent who share a vision and desire to move the world forward for generations to come

Specific Guidelines

Our dedication to achieving positive and sustainable social impact drives our daily actions

Care for the planet

- Through our technologies, we are promoting increased access to energy while also addressing environmental challenges
- Through a high level of environmental awareness, we are reducing the environmental impact of our business

Create a more harmonious society

- Through our safe, high-quality products, we are staying one step ahead of the needs of customers and society
- In every action, we are guided by a commitment to integrity, transparency, and respect for social norms
- Through our operations across the world, we are dedicated to the development of a global society where local communities thrive

Inspire the future

- Through our working environments, we are building a culture of creativity, community and pride
- Through our business operations and technologies, we drive innovation that will inspire the hopes and dreams of future generations in ways that move the world forward
